National Agriculture Day

Did You Know?

- Nebraska agriculture contributes over \$12 billion to Nebraska's economy each year.
- Nebraska's six leading commodities are cattle and calves, corn, soybeans, hogs, wheat, and dairy products.
- Nebraska's farms and ranches utilize 45.6 million acres — 93% of the state's total land area.

We should all take pride in Nebraska agriculture!

National Ag Week
March 16-22, 2008
